

THE LEADERSHIP PROGRAM

CliftonStrengths Discovery Workshop

Transform Great Potential into Greater Performance

Being your best means playing to your strengths at work and everywhere else. Come discover your strengths and learn how to use them to thrive with The Leadership Program's CliftonStrengths Discovery Workshop.

Tuesday, April 28th, 8:30am-12:30pm, Foster City Community Center

CliftonStrengths is a Web-based assessment measuring the presence of talents in 34 general areas referred to as "themes." Talents are ways in which we naturally think, feel, and behave as unique individuals, and they serve as the foundation of strengths development.

Strengths-focused leadership. The best leaders start here.

There is not one way to lead successfully. The strengths approach provides each leader with their own unique blueprint for excellence as well as a framework to use in coaching and developing their people and teams.

Strengths development for teams. Maximize performance.

CliftonStrengths is also a powerful tool to help team members discover, develop, and use their unique talents for greater team engagement, productivity, and performance.

The Leadership Program is offering Gallup's CliftonStrengths Discovery Course in partnership with Adelante coaching + consulting. This interactive workshop helps participants discover what makes them exceptional and maximize their potential. The course includes the StrengthsFinder Assessment, course materials and practical tools to help you use your strengths in your work and everyday life.

LEADERSHIP ALUMNI: \$145

GENERAL ADMISSION: \$175
